Atlantax Systems, Inc. Certified as Colorado Sales Tax Efile Vendor

Atlanta, GA - July 1, 2014 - Atlantax Systems, Inc., a leading provider of outsourced sales, use and related tax compliance services for corporations has been accepted by the State of Colorado as a Sales Tax Efile Vendor. Corporations wishing to outsource their Colorado tax reporting function may now leverage Atlantax System's experienced, knowledgeable staff and take advantage of our cost effective, automated electronic reporting service.

About Atlantax Systems, Inc.

Incorporated in 1988, Atlantax Systems, Inc. (Atlantax) is a privately held Georgia corporation. Providing nationwide indirect tax reporting services, Atlantax specializes in processing sales, use, utility, license, E911, gross receipts, and excise taxes for corporate clients in the telecommunication, retail, hospitality and prepaid industries. Atlantax offers an exemption certificate management service for companies interested in outsourcing this tedious and time consuming business function.

In November of 2012 Atlantax acquired AdVantage Tax, LLC, an Atlanta based consulting firm specializing in sales and use tax reverse audit services. The strategic acquisition of AdVantage Tax broadened the range of tax service offerings that Atlantax provides to its expanding client base.

Atlantax' headquarters, Information Technology and Treasury groups are located in Johns Creek, Georgia. Atlantax' processing center is located in Torrance, California. For more information on Atlantax Systems call 678-281-1976 or visit our website at www.atlantax.com.
